

**W**ANTED at MIRFIELD, a MASTER and MISTRESS for the WORKHOUSE. The Master also to be ASSISTANT OVERSEER, and to superintend the Paupers working upon the Road. Further Particulars will be explained at the Day of Election.

As the above Situation comprises many and very important Duties, which together will be a very eligible and responsible one, a Bond will be required; and no Person need apply, whose Character will not stand the utmost Scrutiny for Honesty and Sobriety, together with every other necessary Qualification, to enable him to enter upon the Office with Credit to himself, and Advantage to the Town. Moreover, as the internal Management of the Workhouse more particularly devolves upon the Mistress, it is expected that she be an active and clever Woman; and if they have no Family, it will not be the less acceptable.

N.B. A liberal Salary will be given; and the Election will take place at the Workhouse, on Monday the Tenth Day of April next, at Two o'Clock in the Afternoon.
