

**ACCIDENT.**—Yesterday week a serious accident befel one of the daughters of Joseph Sykes, of Lee Green, in Mirfield. She had been sent by her mother to Low Mill, occupied by Messrs. Day and Fox, with her sister's dinner, and while she was there went into a room in which a "Teazer" was at work, and although she had been cautioned to keep away from it, she went so near as to be caught, and both her arms were torn off above the elbows. She was removed home, and three surgeons called in to attend her, and is now doing well. Not the slightest blame is attached to Messrs. Day and Fox, or to any of the workmen, for the girl had been told to stay out of the room only a short time before the accident occurred.
