

BAZAAR FOR HOPTON CHAPEL SCHOOLS.—A very extensive and elegant bazaar was held on the 21st, 22nd, and 23rd days of September, in the boys' school, at Hopton, the object of which was to aid in raising funds for the erection of a girls' day and Sunday school-room, with senior class-rooms at Hopton chapel. Many kind friends contributed well and largely to the bazaar, and many more aided in the purchase of the articles for sale. The result has been most satisfactory, and the fair sum of £360 has thus been raised towards the object. This is independent of some subscriptions already paid in, and others which it is hoped may yet be raised.
