

A MIRFIELD SLUBBER FOUND IN THE CANAL.—

About seven o'clock on Friday evening the body of George Littlewood, slubber, fifty years of age, of Battyeford, Mirfield, was found in the canal at Kirklees Locks, in the township of Huddersfield, by Robert Roberts, of Clifton, and John Hepworth, of Mirfield. The deceased, it seems, left home about two o'clock on Thursday afternoon, and his friends knew nothing of his whereabouts until the body was seen in the canal. There were no marks of violence to be seen on the person of the deceased.
