

A WOMAN DROWNED AT MIRFIELD.—On Wednesday evening a woman was seen to throw herself into the river Calder, near Wheatley's Lodge, Mirfield. Immediate steps were taken to recover the body, and with success, when it was found that the deceased was Hannah Jackson, of Kirkburton, a woman about forty years of age. She had been on a visit to the house of a sister at Mirfield, and was returning home when she committed self-destruction. It is not known why she destroyed herself, but the probable cause may transpire at the inquest.
