

MIRFIELD.—The great local attraction yesterday was the handsome and well-furnished bazaar got up on behalf of Knowle Wesleyan Chapel. There was a large attendance at the opening and subsequently. It is being held in the Town Hall at Eastthorpe, and will be brought to a close on Wednesday evening, but entertainments in connection with it will be given on the remaining evenings of the week. Sales of work have taken place at the Primitive Methodist schoolrooms, at the Green, and Ravensthorpe. The railway excursions were well patronised yesterday. Many people came to Mirfield by the ordinary trains to explore the woodland lanes and paths with which the southern side of the township abound.
